

Pigs for Prosperity - FAO Diversification Booklet 15

Pigs for Prosperity - FAO Diversification Booklet 15

by Klaas Dietze, Food and Agriculture Organization: Agricultural Support Systems Division

The FAO Diversification booklet series focuses on a farm or non-farm enterprise that can be integrated easily into small-scale farms to increase incomes and enhance livelihoods. The enterprises profiled in the FAO Diversification booklet series are suitable for smallholder farmers in terms of resource requirements, additional costs, exposure to risk and complexity.

FAO just releases a specific booklet about small scale pig production.
